Dear Friends,

We are the Space Coast Hurricanes. We are competitive Theatre on Ice figure skating teams representing the Space Coast Iceplex Figure Skating Club in Rockledge, FL. We are the largest established Theatre on Ice teams in the State of Florida, and we are once again honored to represent Rockledge, Brevard County, the State of Florida this upcoming competition season. We are reaching out to you and our community for support.

Each year our teams have traveled to participate in the National Theatre on Ice competition held somewhere in the United States. We have been a part of this great event since its inception in 2005, when there were **less than 15 teams** total across the country. Last year's National competition was held in Irvine, California. There were **more than 103 teams** participating from across the United States. This genre of figure skating (*known as Ballet on Ice in Europe*) has quickly grown in the US and all over the world. **Both the Hurricanes Juvenile and Open Teams won 3rd place at the 2026 National Championships in Irvine, CA.**

Our upcoming goals are to represent Rockledge, Brevard County, and Florida in the 2027 National Theatre on Ice Competition being held in Hartland, Michigan in June of 2027 and hopefully Team USA in April 2028 at the Nations Cup / Gold Cup Competition in Amiens, France where Theatre teams from around the Globe will compete in this World Competition and **we are hoping for your support to help us get there!**

The *Space Coast Hurricanes Theatre on Ice Corp.* is a non-profit organization under the IRS rules of a 501(c)3 corporation. Participation in these events costs thousands of dollars per team. We are mainly self-funded as an organization and are actively fundraising and soliciting contributions and supporters to help offset the some of the costs for our teams to participate in these competitions.

Your donation will directly help with competition entry fees, unofficial practice ice rental, costumes, scenery and other expenses we have for this amazing opportunity.

We hope you will consider a donation in support of our skaters. Please complete and return the attached support form with your contribution so we can recognize you or your business in one of the various ways listed.

Please visit our Facebook page <https://www.facebook.com/spacecoasthurricanestoi> or our website <https://www.spacecoasthurricanestoi.com> where you can learn more about our teams and see some of our performances.

Thank you for your support, it is greatly appreciated! We invite you to attend one of our recitals at the Iceplex, we are sure you will enjoy the show.

Sincerely,

The Space Coast Hurricanes Theatre on Ice teams and Coach Katie McGovern-Nyman

What is Theatre on Ice?

The Space Coast Iceplex and Coach Katie McGovern-Nyman are proud to be one of the first ice rinks in the country to host a Theatre on Ice Program. Although popular in Europe for over forty years, the discipline has recently expanded in the United States.

Theatre on Ice (TOI) is a concept using all aspects of figure skating, incorporating a theme, emotion or story, and enhanced by music. The performances include five dimensions:

Choreography, Skating Movements, Props or Scenery, Sound and Music, a Central Theme

The Story of Theatre on Ice at the Space Coast Iceplex

Coach Katie McGovern-Nyman and the Space Coast Iceplex started this program here 21 years ago bringing together many higher-level figure skaters and working them as a team. Since then, there have been five teams formed, four of which travel and compete at National and International levels.

Our first Gold Medal was won in 2007. Since then, the teams brought home many medals and made friends all over the world.

Coach Katie McGovern-Nyman

Katie McGovern-Nyman is from the United Kingdom where she skated on the London based team which won the first ever Theatre on Ice event in Rouen, France in 1981. She has an extensive background in professional ice shows, performance and choreography. She has brought this exciting discipline to Florida since 2004 and now has five teams with almost 100 skaters.
